*This will be our first trip to Cascais, which is just outside Lisbon. We have chosen the **Estoril Golf Club**, which has a fairly short, old fashioned golf course, and has been former host of the Portuguese Open to play two of our rounds. Our other chosen course is **Oitavo Dunes** for another two rounds. It is regularly voted one of Portugal's top courses.*

*Cascais is a lovely little town with lots of nice restaurants, bars etc. It is just a short stroll to the beach where many seafood restaurants can be found along the promenade. The nearby train station can take you into Lisbon on days off from golf.*

*Other nearby attractions are the Casino at Estoril (part of the set for Casino Royale, the James Bond movie). A taxi ride will take you to the magical Pena Palace at Sintra.*
