*"The competitions will be played at the wonderful Infinitum Resort, which has some of the best greens that I have ever puttied on. We will have a 36-hole pairs competition the first 2 days, followed by a day off, then 36 holes individual the next 2 days. There will be overall prizes and daily ones, too.*

*The Hills course will be undergoing a major renovation next year, so we will play the first 9, followed by the 9-hole Ruins course. This will be a very enjoyable circuit, and by way of compensation, the buggies for the 2 days on the Hills will be complimentary.*

*You can either enter The Pairs as a couple, or as an individual and I will find you a partner. If you haven't been to Cambrils before, I am sure you will love it there. It is definitely my favourite European venue*
